ARI KARAN

MERN STACK DEVELOPER

Tamil Nadu, India | +91 9940444012 | arikaran4044@gmail.com
Portfolio | GitHub | LinkedIn | LeetCode

PROFESSIONAL SUMMARY

MERN Stack Developer with hands-on experience building full-stack web applications using **React.js, Node.js, Express.js, and MongoDB**. Skilled in developing RESTful APIs, implementing JWT authentication, managing databases, and creatingbuilding responsive user interfaces. Strong foundation in JavaScript, problem-solving, and Git-based development, with a focus on building scalable web applications.

TECHNICAL SKILLS

Languages : JavaScript (ES6+), HTML5, CSS3
Frontend : React.js, Tailwind CSS, Redux, Responsive Design
Backend : Node.js, Express.js, RESTful API Architecture, JWT Authentication
Database : MongoDB, Mongoose
Tools : Git, GitHub, VS Code, Vercel, Render

PROJECTS

JobTracker — Full-Stack Job Application Tracker

React.js, Node.js, Express.js, MongoDB, Tailwind CSS | Nov 2026 – Present

- Developing a full-stack job tracking platform to manage job applications, recruitment stages, and interview schedules.
- Implementing secure JWT authentication, RESTful APIs, and user-specific access control.
- Building a responsive dashboard with application tracking, advanced search, filtering, and recruitment analytics using MongoDB.
